

# UNTHSC HEALTHY START

April 9, 2019

Lockett Family Charitable Foundation  
P.O. Box 60781  
Fort Worth, TX 76115

Dear Mr. Jerome Johnson,

The UNT Health Science Center Healthy Start Program would like to thank the Lockett Family Charitable Foundation for your donations of winter coats to our clients. You provided coats to children who would have spent the coldest months of the year without a coat. Because of your donation, our children were able to attend school and daycare without the worry or hardship of not having a winter coat. Our families and staff are very grateful for your coat donations. Many families we serve we unable to purchase a coat for their child(ren) and you removed the barrier for our families. For this, we must say Thank You for the kindness and generosity you have shown our families. The smiles on the mothers and children's faces was priceless. Again, thank you for your coat donation.

We wish you continued success with the Coat of Love Program. We look forward to future partnerships with the Lockett Foundation. Again, thank you for your donations.

Sincerely,

*Misty Wilder*
